

The Ilkeston Firefighters visit our school every week. They join in with whatever we are doing in class and they also answer questions and talk to us about being safe. Here's what the children at Cotmanhay Infant and Nursery School say about the Firefighters and their visits..

They come to see what we are doing.

The firefighters are nice to you, we can ask them things.

They ask us questions and are interested in what we do.

They show us there engine and let us look.

We can go in the fire engine and try on the clothes and the helmet!

The firefighters help if there is a fire.

They help us learn more.
