

A letter to all parents and guardians,

All school staff are respectful to children and families at all times.

This is a reminder that this must work both ways.

When you speak to any member of school staff please be respectful.

It is not ok to raise your voice, shout, gesture or use inappropriate language.

Most of our families are polite and respectful.

Thank you.

Failure to remember this may lead to you being asked to sign a parental behaviour contract. Breaking this contract may lead to a ban from the school site or contact with the police.

We are here to do our best for our children and we want to work together to do this. Children get the best from school when this happens.

Again thank you to the many parents who return the respect we show to your children and you.

Miss Latchford, Headteacher.
