Statement of intent

Cotmanhay Infant and Nursery School values all pupils and celebrates diversity of experience, interest and achievement. All pupils need to experience praise, recognition and success, and pupils with SEND have equal entitlement to this.

This policy outlines the framework for the school to meet its duty, obligation and principal equality values to provide a high-quality education to all of its pupils, including pupils with SEND, and to do everything it can to meet the needs of pupils with SEND.

Through successful implementation of this policy, the school aims to:

- Eliminate discrimination.
- Promote equal opportunities.
- Foster good relationships between pupils with SEND and pupils without SEND.

The school will work with the LA, or equivalent, within the following principles, which underpin this policy:

- The involvement of pupils and their parents in decision-making
- The identification of pupils' needs
- Collaboration between education, health and social care services to provide support
- High quality provision to meet the needs of pupils with SEND
- Greater choice and control for pupils and their parents over their support
- Successful preparation for adulthood, including independent living and employment

1. Legal framework

1.1. This policy has due regard to all relevant legislation including, but not limited to, the following:

- Children and Families Act 2014
- Health and Social Care Act 2012
- Equality Act 2010
- Equality Act 2010 (Disability) Regulations 2010
- Education Act 1996
- Education Act 2002
- Mental Capacity Act 2005
- Children Act 1989
- Special Educational Needs and Disability (Amendment) Regulations 2015
- Special Educational Needs (Personal Budgets) Regulations 2014
- Special Educational Needs and Disability (Detained Persons) Regulations 2015
- Local Government Act 1974
- Disabled Persons (Services, Consultation and Representation) Act 1986
- Data Protection Act 2018
- The General Data Protection Regulation 2018

1.2. This policy has due regard to the most recent statutory and non-statutory guidance, including, but not limited to, the following:

- DfE 'Special educational needs and disability code of practice: 0 to 25 years'
- DfE 'Supporting pupils at school with medical conditions 2015'
- DfE 'Keeping children safe in education 2025'
- DfE 'Working together to safeguard children 2023'
- DfE 'Mental health and wellbeing provision in schools 2018'
- DfE 'School admissions code 2021'

2. Identifying SEND

2.1. The school has a clear approach to identifying and responding to SEND, and recognises that early identification and effective provision improves long-term outcomes for the pupils.

2.2. With the support of the SENDCO/Assessment Co-ordinator, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress.

2.3. 'Less than expected progress' will be characterised using the following stipulations:

- Progress is significantly slower than the class average, from the same baseline
- Progress does not match or better the pupil's previous rate of progress
- Progress fails to close the attainment gap within the class
- The attainment gap is widened by the plateauing of progress

3. Definitions

3.1. For this policy, a pupil is defined as having SEND if they have a:

- Significantly greater difficulty in learning than most others of the same age.

- Disability or health condition that prevents or hinders them from making use of educational facilities used by peers of the same age.
- 3.2. Under the Equality Act 2010, a disability is a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities.
- 3.3. The school reviews how well equipped we are to provide support across the following areas:
- Communication and interaction
 - Cognition and learning
 - Social, emotional and mental health difficulties
 - Sensory and physical needs

Communication and interaction

- 3.4. Pupils with speech, language and communication needs (SLCN) have difficulty in communicating with others, often because they have difficulty saying what they want, they cannot understand what is being said to them, or they do not understand or use social rules of communication.
- 3.5. The school recognises that:
- Pupils with Autism Spectrum Condition (ASC), including Asperger's Syndrome and Autism, can have particular difficulties with social interaction.
 - The profile for every pupil with SLCN is different and their needs may change over time. They may have difficulty with one, some, or all the different aspects of speech, language or social communication at different times of their lives.
- 3.6. The SENDCO will work with pupils, parents, and language and communication experts where necessary to ensure pupils with SLCN reach their potential.

Cognition and learning

- 3.7. Pupils with learning difficulties may require support – the school will offer learning support through bespoke provision (see website for what this might look like).
- 3.8. The school understands that learning difficulties cover a wide range of needs, such as moderate learning difficulty (MLD), severe learning difficulty (SLD) and profound and multiple learning disabilities (PMLD). The SENDCO will ensure that any provision offered will be suitable to the needs of the pupil.
- 3.9. Specific learning difficulties (SpLDs) affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

Social, emotional and mental health (SEMH) difficulties

- 3.10. Pupils may experience a wide range of social and emotional difficulties that manifest themselves in many ways, including becoming withdrawn or isolated, or displaying challenging, disruptive and disturbing behaviour. The school recognises that these behaviours may reflect underlying mental health difficulties such as anxiety or depression, and the school will implement

interventions such as Talk Time with a trained counsellor to support pupils with these difficulties. Occasionally, the SENDCO supports very specific interventions linked to behaviour, self-esteem and anger issues – this is in conjunction with parents.

3.11. The school will ensure that provisions and allowances are made for the ways in which these mental health difficulties can influence the behaviour of pupils with SEND within its Behavioural Policy, including how we will manage the effect of any disruptive behaviour so that it doesn't adversely affect other pupils.

Sensory or physical needs

3.12. Impairments that prevent or hinder pupils from using the school facilities, such as vision impairment (VI), do not necessarily have SEND. The school will ensure staff understand that:

- Some conditions can be age-related and can fluctuate over time.
- A pupil with a disability is covered by the definition of SEND if they require special educational provision.

3.13. The school recognises, however, that pupils who have sensory or physical impairments may require specialist support or equipment to access their learning, regardless of whether or not their impairment falls under the SEND definition, and the SENDCO will ensure that their support needs are being met.

4. Objectives

4.1. The school will meet the core aims of this policy by achieving the following strategic and measurable objectives:

- To follow the graduated approach outlined in the DfE's 'SEND Code of Practice: 0 to 25 years'
- To monitor the progress of all pupils to aid the earliest possible identification of SEND

5. Roles and responsibilities

6. Early years pupils with SEND

- 6.1. The school will ensure all staff who work with young children are alert to emerging difficulties and respond early.
- 6.2. The school will ensure staff listen and understand when parents express concerns about their child's development.
- 6.3. The school will listen to any concerns raised by children themselves.
- 6.4. The school will ensure that:
 - Children with SEND get the support that they need.
 - Children with SEND engage in the activities that the school offers alongside children who do not have SEND.
 - The **SENDCO** is responsible for coordinating SEND provision.
 - Parents are informed when the school makes special educational provision for their child. School expect collaboration in this process for this to be successful for the child.
 - A bespoke provision is provided if needed (see website).

7. Children with specific circumstances

LAC

- 7.1. Pupils at the school who are being accommodated, or who have been taken into care, by the LA are legally defined as being 'looked after' by the LA.
- 7.2. The school has a designated member of staff for coordinating the support for LAC – Nicola Bailey, NURSERY TEACHER / DSL.
- 7.3. Where that role is carried out by a person other than the **SENDCO**, designated teachers will work closely with the **SENDCO** to ensure that the implications of a child being both looked after and having SEND are fully understood by relevant school staff.

EAL

- 7.4. The school will give particular care to the identification and assessment of the SEND of pupils whose first language is not English.
- 7.5. The school will consider the pupil within the context of their home, culture and community.
- 7.6. Where there is uncertainty about an individual pupil, the school will make full use of any local sources of advice relevant to the language group concerned, drawing on community liaison arrangements wherever they exist.
- 7.7. The school appreciates having EAL is not equated to having learning difficulties. At the same time, when pupils with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.

7.8. The school will look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

8. Admissions

8.1. The school will ensure it meets its duties set under the 'School Admissions Code' by:

- Not refusing admission for a child that has named the school in their EHC plan.
- Considering applications from parents of children who have SEND but do not have an EHC plan.
- Not refusing admission for a child who has SEND but does not have an EHC plan because the school does not feel able to cater for those needs.
- Not refusing admission for a child who does not have an EHC plan.
- Considering graduated entry for admission for children with additional needs where this would make a child's inclusion successful.
- Adopting fair practices and arrangements in accordance with the 'School Admissions Code' for the admission of children without an EHC plan.

9. Involving pupils and parents in decision-making

9.1. Parents of pupils with SEND will be encouraged to share their knowledge of their child; the **headteacher** and **SENDCO** will aim to give them the confidence that their views and contributions are valued and will be acted upon.

9.2. Parents will always be formally notified when the school provides their child with SEND support.

9.3. Decisions about education will not unnecessarily disrupt a pupil's education or any health treatment underway.

9.4. The planning that the school implements will help parents and pupils with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual, not allowing their SEND to become a label.
- Be easy for pupils and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil's strengths and capabilities.
Enable the pupil, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.
- Tailor support to the needs of the individual (individual plans/personalised timetables)
- Organise assessments to minimise demands on parents.
- Bring together relevant professionals to discuss and agree together the overall approach.

10. Joint commissioning, planning and delivery

- 10.1. The school is committed to ensuring that pupils with SEND can achieve their ambitions and the best possible educational outcomes, as well as other opportunities, such as securing employment and living as independently as possible.
- 10.2. The school will work closely with local education, health and social care services to ensure pupils get the right support.
- 10.3. The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people's wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).
- 10.4. The school will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:
 - Improved educational progress and outcomes for pupils with SEND.
 - Increasing the identification of pupils with SEND prior to school entry.
- 10.5. Where pupils with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan or Health Care Plan.
- 10.6. SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

11. Funding

- 11.1. The school will allocate the appropriate amount of core per-pupil funding and notional SEND budget outlined in the Local Offer for the SEND provision of its pupils.
- 11.2. Personal budgets are allocated from the LA's high needs funding block; the school will continue to make SEND provision from its own budgets, even if a pupil has an EHC plan.

12. Local Offer

- 12.1. In developing and reviewing the Local Offer, the school will adopt the following approach:
 - **Collaborative:** The school will work with LAs, parents and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
 - **Accessible:** The published Local Offer will be easy to understand, factual and jargon-free. It is structured in a way that relates to pupils' and parents' needs, e.g. by broad age group or type of special educational provision. It will be well signposted and publicised.
 - **Comprehensive:** Parents and pupils will know what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The Local Offer will include eligibility criteria for services, where

relevant, and make it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.

- **Up-to-date:** When parents and pupils access the Local Offer, the information will be up-to-date.

13. Graduated approach

13.1. Once a pupil with SEND has been identified, the school will employ a graduated approach to meet the pupil's needs by:

- Establishing a clear assessment of the pupil's needs.

- Planning, with the pupil's parents, the interventions and support to be put in place, as well as the expected impact on progress, development and behaviour, along with a clear date for review.
- Implementing the interventions, with the support of the **SENDCO** and any external agencies.
- Reviewing the effectiveness of the interventions and making any necessary revisions.
- Targets – School Support Plan (SSP's) are sent home three times a year and for funded or more complex pupils, meetings are held with parents/carers and SENDCO.

14. Assessment

14.1. The school will, in consultation with the pupil's parents, request a statutory assessment of SEND where the pupil's needs cannot be met through the resources normally available within the school.

14.2. Consideration of whether SEND provision is required, and thus an EHC plan, will start with the desired outcomes and the views of the parents and pupil.

14.3. The school will gather advice from relevant professionals about the pupil concerned, including their education, health and care needs, desired outcomes and any special education, health and care provision that may be required to meet their identified needs and achieve desired outcomes.

14.4. In tracking the learning and development of pupils with SEND, the school will:

- Base decisions on the insights of the pupil and their parents.
- Set pupils challenging targets.
- Track pupils' progress towards these goals.
Review additional or different provisions made for them.
- Promote positive personal and social development outcomes.
- Base approaches on the best possible evidence and ensure that they are having the required impact on progress.

14.5. Detailed assessments will identify the full range of the individual's needs, not just the primary need.

•
14.6. Where possible, pupils' needs will be defined under the 'SEND Code of Practice: 0 to 25 years' broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

14.7. Where a pupil continually makes little or no progress, or is working substantially below expected levels, the school will consult with parents before involving specialists.

15. Training

15.1. The training offered will be delivered to ensure equality, diversity, understanding and tolerance.

15.2. During staff induction, all staff will receive SEND training.

15.3. Training will cover the following:

- Identifying SEND in pupils
- Liaising with the school's **SENDCO**
- Implementing support measures
- Monitoring the success of those support measures
- De-escalation techniques
- Restraining techniques
- How to develop low arousal sensory environments
- How to develop lessons so they are engaging for pupils with varying forms of SEND
- Reasonable adjustments
- How to help with emotional development (SEMH)

16. Promoting mental health and wellbeing

16.1. The curriculum for PSHE will focus on promoting pupils' resilience, confidence and ability to learn.

16.2. Positive classroom management and working in small groups will be implemented to promote positive behaviour, social development and high self-esteem.

16.3. An **Educational Psychologist** will be available where a pupil requires such services.

16.4. Where appropriate, the school will support parents in the management and development of their child.

16.5. When in-school intervention is not appropriate, referrals and commissioning will be used instead. The school will continue to support the pupil as best it can.

16.6. For pupils with more complex problems, additional in-school support will include:

- Supporting the pupil's teacher, to help them manage the pupil's behaviour.
- Additional educational one-to-one support for the pupil.
- A HCP. All schools must comply with the statutory duty of caring for pupils with medical needs.
- Providing professional mental health recommendations, e.g. regarding medication.

16.7. The school will focus on work that helps to build self-esteem and self-discipline with the aim of addressing disruptive behaviour.

17. EHC plans

17.1. The school will fully cooperate with the LA when research about the pupil is being conducted.

17.2. The school will provide the LA with any information or evidence needed.

17.3. All relevant teachers will be involved in contributing information to the LA.

17.4. If the school decides to implement an EHC plan, the parents and the pupil will be informed, including the reasons for this decision.

17.5. The school will meet its duty to provide parents or the individual pupil with 15 calendar days to consider and provide views on a draft EHC plan.

17.6. If the decision is taken not to issue an EHC plan, the school will consider and implement the recommendations of feedback from the LA regarding how the pupil's outcomes can be met through the school's existing provision.

17.7. If the LA decides not to issue an EHC plan, the parents of the pupil, or the pupil themselves, will be informed within a maximum of 16 weeks from the initial request of an EHC assessment.

17.8. The school will consider any pupil that names the school in an EHC plan or EHC needs assessment process.

17.9. The school will ensure that all those teaching or working with a pupil named in an EHC plan are aware of the pupil's needs and that arrangements are in place to meet them.

- 17.10. All reasonable provisions will be taken by the school to provide a high standard of education.
- 17.11. Staff will be briefed about any potential problems and a procedure will be put into place to deal with certain situations.
- 17.12. The school will specify the outcomes sought for a pupil in terms of specific, measurable, achievable, realistic and time-bound(SMART) outcomes.
- 17.13. The school will ensure that each pupil's EHC plan includes the statutory sections outlined in the 'SEND Code of Practice: 0 to 25 years', labelled separately from one another.
- 17.14. If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the **governing board** or **headteacher** will request the LA to conduct a reassessment of a pupil whenever they feel it is necessary. Following the reassessment, a final EHC plan will be issued within 14 weeks from the request being made.
- 17.15. The school will ensure that any EHC plan information is kept confidential and disclosed on a need-to-know basis.
- 17.16. Information regarding a pupil's EHC plan will only be shared with other educational settings if the pupil is transferring there, for the setting to develop an individual learning plan.
- 17.17. The school will take steps to ensure that pupils and parents are actively supported in developing and reviewing EHC plans.
- 17.18. Where necessary, the school will provide support from an advocate to ensure the pupil's views are heard and acknowledged.
- 17.19. The school will ensure that parents are consistently kept involved throughout the implementation of an EHC plan.

18. Reviewing the EHC plan

18.1. The school will:

- Cooperate with the relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.
- Ensure that the appropriate people are given at least **two** weeks' notice of the date of the meeting, through the EHC Hub or Teams invite.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Cooperate with the LA during annual reviews.
- Lead the review of the EHC plan in order to create the greatest confidence amongst pupils and their parents.

- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Provide the LA and parents with any evidence to support the proposed changes and giving those involved at least 15 days to comment and make representations.
- Clarify to the parents and pupil that they have the right to appeal the decisions made in regard to the EHC plan.

19. Safeguarding

19.1. The school recognises that evidence shows children with SEND are at a greater risk of abuse and maltreatment and will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including, but not limited to, neglect and sexual violence or harassment.

19.2. The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers include, though are not limited to, any communication difficulties the pupil may experience, and the common assumption that indicators of possible abuse are related to the pupil's complex needs or disability without further exploration, e.g. peer group isolation, injury, and changes to behaviour and mood.

19.3. The **headteacher** and **governing board** will ensure that the school's **Child Protection and Safeguarding Policy** reflects the fact that these additional barriers can exist when identifying abuse.

19.4. Care will be taken by all staff, particularly those who work closely with pupils with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the **DSL** in collaboration with the **SENDCO**.

20. Transferring between different phases of education

20.1. EHC plans will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new phase.

20.2. The review and amendments will be completed by 15 February in the calendar year of the transfer at the latest for transfers into or between schools. .

21. Data and record keeping

21.1. The school's records will:

- Include details of SEND, outcomes, action, agreed support, teaching strategies and the involvement of specialists, as part of its standard management information system to monitor the progress, behaviour and development of all pupils.
 - Maintain an accurate and up-to-date register of the provision made for pupils with SEND.
 - Show all the provisions the school makes which is different or additional to that offered through the school curriculum on a provision map.
